

The Nav Worker is a good maneuverable but strong and speedy mooring- and workboat for operating on rivers and sea channels. It is a further development of the common Mooring Boats „Makkerboote“, which are used by the company SCHRAMM since a long time.

GENERAL

NAME: NavWorker
 CLASSIFICATION: Workboat with a max. displacement of 10 m³
 WEIGHT: 9,3 t

PERFORMANCE

SPEED: 8,8 kn
 CREW: 1-2 person

DIMENSIONS

LENGTH, o.a.: 9,85 m
 BREADTH: 3,45 m
 HEIGHT MAIN DECK: 1,24 m
 DRAUGHT, DWL: 1,00 m
 DRAUGHT, MAX.: 1,50 m
 HEIGHT: 1,87 m

CAPACITIES

MGO: 1 m³

NAVIGATIONS EQUIPMENT

KOMMUNIKATION VHF, navigation lights (SB,PS, top, stern)

MACHINERY

MAIN ENGINE: 1 x 110 kW IVECO Marine
 GEARBOX: Typ (reverse gear)
 SHAFT: stainless steel
 grease lubricated
